Pastitsio is a greek food that is like lasagna. Many people think pastitsio is a **comfort food** that is eaten all year long.

Fun fact We mostly eat pastitsio in winter.

Q:How is pastitsio made?

A:It depends on who is making it but usually it is made. my mom makes it with: pasta, ground beef, cinnamon, spaghetti, a stick of butter, and Romano cheese. First, put pasta in boiling water to cook it. Next, put the pasta in a pan with all the other ingredients and finally put it in the oven at 325 degrees for 1 and ½ hours.

This is pastitsio.

Q:Is this a good or service?

A:It is a **good** because you can eat it and hold it. Pastitsio is a **want** because it is more like a treat and not a basic need to survive. But if you are Greek, you might say you can't survive without pastitsio.
